Armenia, Quindío, 2025

Respected Human Talent Team**Chamber of Commerce of Armenia and Quindío**

My name is Sara María Sabogal Franco, I am 18 years old, and I live in Calarcá, Quindío. I would like to apply for a position related to technological support or process digitalization within your organization.

I study Systems Engineering and Computer Science at the University of Quindío. I am passionate about software development and technology. I enjoy solving problems and using new tools.

I consider myself a responsible and committed person. My academic training has helped me develop analytical and creative thinking, qualities that I consider essential for contributing to organizational.

I have a strong motivation to learn and quickly adapt to new challenges. My dedication and proactive attitude allow me to work efficiently, propose creative solutions, and collaborate in a team environment. I am eager to contribute to improving technological processes and supporting the digital transformation of your organization.

In conclusion, I am highly motivated to continue developing my skills and knowledge in technology and innovation, and I am committed to making a positive contribution to the Chamber of Commerce's projects and initiatives.

Sincerely,

Sara María Sabogal Franco
